- Confluence
- Bitbucket
- Trello
- REST
- GraphQL
- OOP
- Webpack
- ESLint
- Prettier

LANGUAGE

Portuguese – Native

Spanish – Professional

English – Professional

ABOUT ME

I'm a front end developer that lives in Madrid and loves everything that is about logic and computers. I've even won a logical mathematical national championship on my home country, twice!

When I'm not on my computer, studying and programming, I'm watching TV series with my family or playing video games (some say I'm very good at it).

EDUCATION

College

Estácio de Sá University
Computer Science

2021-Present

Courses

- The Complete Web Development Bootcamp by Angela Yu
- The WEB DEV bootcamp with Colt Steele
