- Confluence
- Bitbucket
- Trello
- REST
- GraphQL
- OOP
- Webpack
- ESLint
- Prettier

LANGUAGES

English - Professional
Spanish - Fluent
Portuguese - Native

ABOUT ME

Passionate and driven Fullstack Engineer with a knack for logical reasoning and a strong foundation in computer science. From winning mathematical logical reasoning Olympiads at a young age to developing sophisticated projects in professional settings, I have continually honed my skills. I am dedicated to creating high-quality, scalable web applications.

PROFESSIONAL EXPERIENCE

Fullstack Engineer

Dcycle, 2024- Present

- Led frontend architecture decisions, establishing effective development workflows.
- Collaborated in an Agile environment to develop high-quality code using Python (FastAPI) and React.
- Contributed to product development and trained less experienced developers.

Frontend Engineer

Flat101, 2022- 2024

- Developed and maintained large-scale web applications using React and Node.js.
- Worked within a multidisciplinary team (Frontend Developers, Backend Developers, Project Managers, UX/UI Designers).
- Implemented unit, integration, and E2E testing using Jest, Vitest, Cypress, and Playwright.
- Delivered tech courses to foster team growth and knowledge sharing.

Frontend Engineer

Freelancer, 2020- 2022

- Developed internal tools for business management.
- Gathered requirements, estimated project timelines, and delivered high-quality solutions.

EDUCATION

Computer Science

Estácio de Sá University, 2021- Present

COURSES

- The Complete Web Development Bootcamp by Angela Yu
- The WEB DEV bootcamp with Colt Steele
- JavaScript: The Advanced Concepts by Andrei Neagoie
- FreeCodeCamp - Responsive Web Design Certification
- React- The Complete Guide by Maximilian Schwarzmüller
- Mastering TypeScript by Colt Steele
